

Guaranteed Ground Freight

Effective June 22, 2021 through December 31, 2021

Gemini's Guaranteed Ground Freight schedule is a one-rate freight charge that includes all freight and handling for a single order shipped within Canada. Please ask a customer service representative if you have any questions.

The schedule below outlines the total amount that will be added to your bill to deliver Gemini products to your door. Should you wish to have COD terms, a COD charge will apply. Please contact your customer service representative for further details and fees associated with COD shipping terms.

Gemini has regular scheduled pick-ups with UPS, Canpar and Purolator. An \$8.00 per order pick-up charge is assessed for other specified carriers. An additional day will be added to the delivery date when a specified carrier pick-up is requested due to their requiring a one day advance notice prior to shipment.

If you choose to provide your own pick-up through an alternative carrier of your choice or by personal account, please note a \$8.00 handling fee will be charged per order and referenced in the shipping amount on your invoice. If you establish a shipping account of your own, it will be recorded for all future orders.

Expedited Freight

Expedited freight is also available but is billed at normal published rates from the point of origin of the Gemini manufacturing location to your delivery destination. Freight estimates are available by contacting Gemini's customer service at 1-800-265-0426 or at Canada@GeminiMade.com.

Oversize Packaging

Several items in the catalog are noted to be oversized. These items may require special packaging or incur oversize surcharges when shipped via UPS or via truck. Special truck freight requirements, such as lift gates, may also incur additional freight surcharges above the guaranteed ground freight rates. Oversize charges will be provided on your quote or order for reference should they apply.
